# Happy Easter

29th March – 1st April

**As Easter heralds the arrival of spring, it brings with it a multitude of opportunities for caterers to showcase their expertise and create memorable experiences for their customers.**

Craft Easter-themed menus that incorporate seasonal ingredients and flavours and offer diverse options, including brunches, lunches, dinners, and colourful desserts.

Highlight traditional Easter dishes alongside innovative and contemporary offerings. Don't forget to offer flexibility in menu choices to cater to different dietary restrictions and preferences.

Capitalise on opportunities during the Easter season to enhance your business and provide unique experiences over the long Easter weekend.

## Embracing the Season

### Crafting delectable menus for the transition from Winter to Spring

As the seasons change, so do the tastes and preferences of diners. Caterers, always on the forefront of culinary innovation, eagerly anticipate the shift from winter to spring, a time when vibrant colors and fresh flavours take center stage. Adapting your menu to reflect the transition between these two seasons is not only a culinary challenge but also an exciting opportunity to delight your guests with new and enticing offerings.

### Hello, spring freshness

Spring is synonymous with a burst of freshness. Caterers should embrace this by incorporating seasonal fruits and vegetables into their menus. Think asparagus, peas, strawberries, and artichokes. These ingredients not only bring vibrant colors to the plate but also infuse dishes with a light and crisp quality.

Experiment with diverse salad combinations, incorporating a mix of greens, fruits, nuts, and cheeses. Small plates allow diners to sample a variety of flavours, making for a more dynamic and enjoyable dining experience.

### Seasonal desserts and refreshing beverages

No menu change is complete without a revamp of the dessert and beverage offerings. Consider incorporating desserts featuring seasonal fruits, like a strawberry shortcake or a citrus-infused tart. For beverages, craft refreshing cocktails with herbs and fruits, or offer mocktails for those seeking a lighter, non-alcoholic option.
